

OFFICE OF THE COUNTY EXECUTIVE
ROCKVILLE, MARYLAND 20850

Isiah Leggett
County Executive

MEMORANDUM

June 16, 2016

TO: Nancy Floreen, President, Montgomery County Council

FROM: Isiah Leggett, County Executive 

SUBJECT: Department of Permitting Services (DPS) Executive Regulation 16-16
Schedule of Fees for Permits, Licenses and Inspections – Method 3

The purpose of this memorandum is to submit Executive Regulation 16-16 for schedule of fees for permits, licenses and certifications for Land Development to the County Council. This regulation makes technical corrections and refers to a contemporaneous Executive Regulation that sets the automation fee at 0%.

Attached are the two executive regulation copies (clean and marked up) and the fiscal impact statement. Staff from the Department of Permitting Services is available to assist with any questions that the County Council may have.

Fiscal Impact Statement
Executive Regulation 16-16
Schedule of Fees for Permits, Licenses, and Inspections – METHOD 3

1. Executive Regulation Summary:
2. The purpose of the regulation is to replace an incorrect reference to Executive Regulation 13-13 with the correct reference to COMCOR 08.24B.02 in compliance with existing County procedures. The regulation also makes several corrections to existing inconsistent language within the existing regulation.
3. An estimate of changes in County revenues and expenditures regardless of whether the revenues or expenditures are assumed in the recommended or approved budget.

This regulation does not involve a change in County revenues or expenditures. Given a new rate structure projected revenues are expected to better match cost centers.
4. Revenue and expenditure estimates covering at least the next 6 fiscal years.

There are no associated revenue or expenditure impacts as a result of this regulation.
5. An actuarial analysis through the entire amortization period for each regulation that would affect retiree pension or group insurance costs.

There is no impact to retiree pension or group insurance costs.
6. An estimate of expenditures related to County's information technology (IT) systems, including Enterprise Resource Planning (ERP) systems.

No additional systems or resource planning will be required to implement the regulation.
7. Later actions that may affect future revenue and expenditures if the regulation authorizes future spending.

Executive Regulation No. 16-16 does not authorize future spending.
8. An estimate of the staff time needed to implement the regulation.

The implementation of this regulation will not require any extra staff time with the enforcement and adoption of this regulation. Implementation and enforcement will occur in the same manner as the fees are enforced now.
9. An explanation of how the addition of new staff responsibilities would affect other duties.

See number 7.
10. An estimate of costs when an additional appropriation is needed.

No additional appropriation is needed with adoption of this regulation.
11. A description of any variable that could affect revenue and cost estimates.

There are no additional revenue or costs estimates as a result of this regulation.
12. Ranges of revenue or expenditures that are uncertain or difficult to project.

See number 10.
13. If the regulation is likely to have no fiscal impact, why that is the case.

The changes made in this regulation will not increase or decrease the required number of employees for plan review or field inspections, or increase or decrease the Department's overhead costs. This regulation is only a correction or refinement of language in the existing regulation.

14. Other fiscal impacts or comments.

Not applicable.
